

Friday 2<sup>nd</sup> February, 2024

Dear Laura Farris,

We are the eco councillors at Parsons Down Partnership of Schools and we are planning an Ocean Protectors Day on Tuesday 12<sup>th</sup> March.

On the day all the children will be taking part in lots of marine themed activities and eating a special marine themed lunch. We will also be completing a large piece of artwork using single use plastics.

Single use plastic is extremely dangerous for marine life because they can get caught in it or eat it and end up being injured or dying.

We are very lucky in Thatcham to be surrounded by water at the lakes, in the canal and rivers. We want to make sure everyone in the community knows that when rubbish ends up there, it could eventually end up in the sea.

We would like to invite you to join us on Tuesday 12<sup>th</sup> March for our whole school assembly, so that you can tell us what West Berkshire are doing to help the environment and reduce single use plastic waste. We'd also like to be able to ask you questions about this important issue.

We look forward to hearing from you.

Kind regards,

The Eco-Committee  
Parsons Down Partnership of Schools (Thatcham)
