

## Activity Art Abstract – Judith Ann Braun

**Please, stay safe and ask a grown up to supervise you**

### Resources/ things you need

- Paint
- Paper
- Pencil
- Optional - sponges

### What to do

1. Decide what you would like your picture to be about? Will it be a scene or view from a window? Or something you see whilst you are out for a walk? It could be a picture of a pet or family member? Or a fantasy animal? A plant or some flowers? A pattern? Or anything else you choose.
2. Draw on paper a rough outline of the subject of your painting.
3. Set up your paints.
4. Have fun and use your fingerprints covered in paint to paint your picture. See the pictures for help and ideas.
5. You can use your hand prints and add on some extra detail if you like!

### Background and the link to learning

Judith Ann Braun uses her fingers to create incredible artwork. Braun, who has been quite the force in the art world for decades, ditches traditional brushes and other tools and uses only her fingers to paint beautiful pieces that have been displayed in a number of reputable museums and galleries.

Try to use your fingerprints and hand prints to create a picture.
